Independent Auditors' Report

The Profit Sharing Committee
City National Corporation Profit Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of the City National Corporation Profit Sharing Plan (the Plan) as of December 31, 2001 and 2000 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001 and 2000 and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Notes to Financial Statements December 31, 2001 and 2000

(1) Description of the Plan

(a) General

The following description of the City National Corporation Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

The Plan is a defined contribution plan which provides retirement benefits for eligible employees of City National Corporation and its subsidiaries (the Company). The Plan is administered by the City National Corporation Benefits Committee (the Plan Administrator), which is presently comprised of four officers of City National Bank, a subsidiary of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Employees of the Company who are entitled to paid vacation time and have completed one hour of service are eligible to participate in the Plan as of their hire date. Company profit sharing contributions to the Plan are discretionary and are based on a percentage of the Company's consolidated net profits, as defined, reduced by matching contributions made for such Plan year and subject to certain limitations based on participant eligible compensation. Company contributions are invested at the participant's discretion in the same manner as the salary reduction contributions described below.

Participants can contribute, under a salary reduction agreement, up to 15% of their eligible compensation, as defined, but not to exceed the dollar amount allowed by law, which was \$10,500 for 2001 and 2000. The Company matches contributions up to a maximum amount of 50% of the first 6% of covered compensation contributed. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans.

(c) Participant Loans

Effective April 1, 2000, loans to participants may be made, at the discretion of the Plan's Administrator, in an amount not less than \$1,000 and not to exceed the lesser of \$50,000 reduced by the highest outstanding balance during the previous 12 months or 50% of the participant's vested account balances. Prior to April 1, 2000, loans could not exceed the lesser of \$50,000 reduced by the highest outstanding balance during the previous 12 months or the sum of 25% of the vested balance of the participant's Employer Contribution Account and 50% of the balance of the participant's vested account balances. Participants may only have one loan outstanding at a time. Such loans are collateralized by the participant's vested balance in the Plan and bear the prevailing interest rate used by lending institutions for loans made under similar circumstances. The terms of these loans cannot exceed five years. Effective November 14, 2000, if the loan is used to purchase the principal residence of the participant, the loan term may be extended for up to a period of fifteen (15) years.

Notes to Financial Statements December 31, 2001 and 2000

(d) Participant's Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's matching contribution, and profit sharing contribution, if any, and earnings or losses. Earnings of the various funds are allocated to the participant balances according to the ratio that a participant's account balance or shares held in a given fund bears to the total of all account balances or shares held in the fund. Forfeitures reduce the amount of matching employer contributions.

(e) Vesting

The Company's matching contributions are immediately 100% vested. However, the Company's profit sharing discretionary contributions vest 100% for all participants with five or more years of service according to the following vesting schedule:

Years of service	Vested percentage
Less than 2 years	—%
2	25
3	50
4	75
5 or more	100

Any nonvested amounts in a terminated participant's account will be forfeited in accordance with plan provisions and used in the following sequence: first, to reduce matching contributions in the year that the forfeiture first becomes available; second, to restore previously forfeited account balances, if any; and, third, to reduce matching contributions in the following year. At December 31, 2001 and 2000, forfeited nonvested accounts totaled \$525,066 and \$599,000, respectively. During 2001 and 2000, \$504,074 and \$597,000, respectively, were used to offset matching contributions. The remainder was used to restore previously forfeited participant account balances and to offset the following year's matching contribution in accordance with the provisions of the Plan.

(f) Benefit Payments

Upon severance of employment by the Company due to permanent disability (as defined by the Plan), retirement (as defined by the Plan), or death, the participant's share of the Company's contributions becomes fully vested.

No distribution or withdrawal can be made from the Plan before termination of service, death, permanent disability, or financial hardship withdrawal (as defined by the Plan). For distributions other than for financial hardship, the method of payment is based on the participant's election and may be made by one or more of the following options: (a) a single lump-sum payment in cash, (b) a series of installments (if eligible as defined by the Plan), or (c) a direct transfer to either an Individual Retirement Account or a qualified contribution plan.

5

Notes to Financial Statements December 31, 2001 and 2000

(g) Plan Termination

The Company has not expressed any intent to terminate the Plan; however, it may do so at any time, subject to the provisions of ERISA. In the event of termination, participants automatically become 100% vested in their account balances.

(2) Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) Investments

Publicly traded securities are carried at fair value based on the published market quotations. The Plan's investment in City National Investment's money market account and participant loans are valued at cost, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis.

(c) Administrative Expenses

Administrative expenses of the Plan are paid by the Company, except for loan and Individually Directed Account (IDA) fees which are charged to the applicable participant accounts. City National Investments, the Plan's trustee, charges a fee for processing loan applications and IDA transactions.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities in the statements of net assets available for Plan benefits and the additions and deductions in the statements of changes in net assets available for Plan benefits, as well as the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(e) Payment of Participant Benefits

Participant benefits are recorded when paid.

(f) Reclassifications

Certain 2000 balances have been reclassified to conform to the 2001 presentation.

Notes to Financial Statements December 31, 2001 and 2000

(3) Investments

The following table presents the fair value of investments as of December 31, 2001 and 2000, with individual investments representing 5% or more of the Plan's assets available for benefits separately identified:

Investment		2001	2000
CNI Charter Prime Money Market Fund	\$	11,415,264	8,945,288
City National Corporation Common Stock	A.	44,657,654	38,322,997
AIM Weingarten Fund		11,078,023	12,789,024
American Century Equity Growth Fund		1,364,709*	7,405,811
Dreyfus Core Bond Fund		9,970,577	8,107,505
Dreyfus Emerging Leaders Fund		9,058,708	9,760,377
Dreyfus S&P 500 Index Fund		12,942,424	11,985,558
All other investments less than 5%		36,932,368	27,451,228
Total	\$	137,419,727	124,767,788

^{*} Less than 5%, included for comparison purposes.

During 2001 and 2000, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) on mutual funds, common and preferred stock, and government and agency securities (depreciated) appreciated in value by \$(2,048,189) and \$116,981, respectively.

(4) Party-in-Interest Transactions

Certain Plan investments are shares of money market funds managed by City National Asset Management, Inc. (CNAM) and shares of common stock of City National Corporation. CNAM is a wholly owned subsidiary of City National Bank, which is a subsidiary of City National Corporation (the plan sponsor as defined by the Plan) and, thus, these are party-in-interest transactions.

(5) Income Taxes

The Company received a favorable tax determination letter on April 9, 2002 from the Internal Revenue Service stating that the Plan is qualified under IRC Section 401(a) and that the Trust is exempt from federal income taxes under provisions of Section 501(a). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
